**MODEL: LAF-220**

ANSI RATING:	ANSI Z 245.60-1996
LIFT TYPE:	CYLINDER
HYDRAULIC FLOW:	2 - 3 GPM
CYCLE TIME:	8-10 SECONDS
MAX. LOAD WEIGHT:	650 LBS
OPTIONS:	TAP-IN-KIT
CART COMPATIBILITY:	TYPE B CARTS (DOMESTIC STYLE 2-BAR)

Maximize Your Front Loader's Versatility

- Cylinder-powered Tipper delivers all the performance you need, (up to 800 cycles per shift.)
The CC-220 mounts to front-load carry can via a removable mounting plate for easy maintenance and replacement, (F-220 units are used for rear or side loaders.)
- Lifts most Domestic Style 2-wheeled Carts (up to 95 gal. - 360 liters) - accommodates manual loading as well.
- Original sweeping action automatically adjusts to varying heights and uneven terrain allowing operators to mount carts securely onto the Tipper lifting hook.
- Simply disengage the carry can for a quick commercial pick-up.
- Turns any commercial front-loader into a residential collection unit.
- Used for heavy duty front-load carry can applications.
- Dumps deep inside the carry can to prevent spillage.
- This system will give your front loader more versatility than ever before. This durable welded steel container equipped with the CC-220 cart Tipper will perform with the dependability you expect.
- 4 cubic yard carry can capacity is large enough for bulky items and allows the driver unobstructed view for a safe operation.
