**Compact Short Arm Heavy Duty Tipper**

- Cylinder-powered Tipper delivers all the performance you need, (up to 800 cycles per shift.)
- The F-220 is used for heavy duty load applications on rear-, side-, and front-loaders
- Mounts on a removable mounting plate with minimal cutting into the sill, for easy maintenance and replacement. (CC-220 units mount to a front-load carry can.)
- Lifts most Euro Style 2-wheeled Carts (up to 95 gal. - 360 liters)
- accommodates manual loading as well.
- Original sweeping action automatically adjusts to varying heights and uneven terrain allowing operators to mount carts securely onto the Tipper lifting hook.
- Tipper profile does not interfere with packer blade on rear and side loaders and cannot be damaged by the packer blade.
- Narrow design allows for installation of 2 lifters on the same rear loader for increased productivity.
