Handle Different Carts and Container Systems

The CD-110 Series lifter is designed especially for facilities that need to lift and dump 2-Wheel Carts weighing up to 500 lbs. With discharge heights from ground level to up to 20 feet and an overall clearance of up to 28 feet, the CD-110 has a small enough footprint that it can fit in the tightest spaces.

- Lifts standard 2-Wheel Domestic and Euro Style Carts, 35 - 95 gal. (140 - 360 liters).
- Stand available in right or left hand configuration.
- Unique and versatile lifter designed for dumping waste or recyclables into compactors, shredders, crushers, or any other processing, transfer or material handling equipment.
- Designed for applications where overhead space is a concern.
- Stand must be anchored to floor.
- Up to 45-degree Dump Angle for complete container emptying.
- Heavy-duty castor Wheels.

CD-110-E
