The Ultimate Innovation in Container Lifting Technology

The CD-111 Series lifter is designed especially for facilities that need to lift and dump 2-Wheel Carts weighing up to 500 lbs. With discharge heights from ground level to 84", the CD-111 is ideal for mounting on compactors and other equipment and is also available in both a stationary or portable configuration.

- Lifts standard 2-Wheel Domestic and Euro Style Carts, 35 - 95 gal. (140 - 360 liters).
- Stand available in right or left hand configuration.
- Stand must be bolted to compactor wall.
- Up to 45-degree Dump Angle for complete container emptying.

Custom Adapters Available to Accommodate all Types and Sizes of Drums, Barrels, Baskets or any other Non-Standard Carts or Containers.

Dimensions accommodate most ANSI Z245.60-1996 Type B Carts (domestic style 2-bar) and most ANSI Z245.60-1996 Type C Carts (European style) Containers, but may vary due to container specifications or applications. All dimensions are approximate.
